Allow extra fabric for shrinkage, or to match plaids, stripes, or large prints. For fabrics with pile or directional prints, use "with nap" yardages and layouts. *Attention: This skirt is designed for slightly stretchy fabrics. If using a firm woven, use the next size up.

Recommended for medium- to lightweight drapey fabrics with stretch, including double knits, jersey, interlock knits, slinky knits, novelty knits, and matte jersey.

Go up one size to use: challis, novelty sheers, tencel, silk jacquard, crepe, crepe de chine, crinkle cotton.

Notions: thread, 3/4" wide non-roll elastic.
